About Project

RoboPuppy (ROPU) heralds the advent of a groundbreaking era in the crypto space, bringing forth a futuristic Robotic Puppy as the symbol of its unique identity. More than just a Meme coin, ROPU embodies a blend of novelty, utility, and transparency that stands to redefine the crypto landscape. With an ambition to make a mark in the crypto world, RoboPuppy pioneers cutting-edge technological solutions and nurtures a community-driven ecosystem. Our long-term goal is to develop our own ecosystem with our own Blockchain and impactful DApps, shaping the future of crypto.

Operating on the Binance Smart Chain (BSC) Network, the RoboPuppy (ROPU) Token boasts an initial total supply of 1 billion tokens. With minimal taxes, a conservative allocation of team tokens, and a gradual price increase during the presale stage, our approach ensures stability and sustainable value appreciation. Team tokens will be released gradually over 9-12 months, preventing an initial sharp decline.

RoboPuppy is dedicated to transparency, honesty, and community engagement. Cultivating an open and inclusive community, ROPU seeks to empower investors for wealth multiplication. Charting a course towards becoming a community-driven token, major decisions about utilities and the roadmap will be collaboratively determined through discussions and community polls. This commitment not only fortifies trust in the project but also sets a precedent for a new era of community-driven cryptocurrencies. As the crypto landscape evolves, RoboPuppy is set to make a lasting impact.

All purchases of ROPU tokens during Presale are final and cannot be refunded. You can only trade at DEX or CEX Exchanges after launching ROPU on DEX and/or CEX Exchanges.

RESTRICTIONS

You may not purchase or use our products if you are in a country where Crypto Coin purchases are prohibited by law.

TRADING ON SECONDARY MARKET

During the pre-sale period, our investors will not be able to sell, trade, or transfer their RoboPuppy tokens until after the pre-sale has ended. At the end of pre-sale, the RoboPuppy team will airdrop the Tokens to investors and unlock the trading of RoboPuppy on DEX (PanCakeSwap) Exchange to be freely sold, traded, or transferred. Once the RoboPuppy (ROPU) trading starts on DEX, the price of ROPU on PanCakSwap or similar third-party platform(s) will be fixed by the market and may fluctuate up and down independently.

STAKING & FEES

RoboPuppy token holders will be able stake their tokens (boost) on one or more staking contracts from RoboPuppy. All the staked tokens will remain locked in Staking Wallet for the Staking duration. When Staking ends, Staked Tokens and Rewards will be sent to the Client's Wallet from where the tokens were sent for Staking. RoboPuppy token holders are solely responsible for all fees and costs associated with staking their RoboPuppy tokens. All the costs and fees are collected in one of the crypto tokens only, like, ROPU, USDT, or, BNB.
